\_\_\_\_\_ Introduction to Coastal Marine Ecology

\_\_\_\_\_ Restoring Key Largo's Marine Habitats

\_\_\_\_\_ REEF CHECK: Data Gathering on SCUBA

If you are applying for this workshop, please complete the reverse of this page, labeled REEF CHECK APPLICATION.

**REEF CHECK APPLICATION**

As you all know diving can be a very relaxing, leisure sport; however, diving can also be very strenuous. Research diving is VERY different from recreational diving. You will have much more to think about than just monitoring your air, you will have several tasks to accomplish and research diving is much more physically demanding. Because of this, if you are interested in learning how to use SCUBA as a tool to supplement science, you will need to fill out this questionnaire. Thank you for taking the time to fill this out, our diving program is very competitive and limited in space.

Please answer the following medical questionnaire:

		Yes	No
1.	Do you have diabetes?		
2.	Do you have high blood pressure?		
3.	Do you have any form of cardiovascular disease?		
4.	Do you have asthma?		
5.	Do you have epilepsy?		
6.	Are you obese?		
7.	Are you taking any medications?		

If you answered yes to any of the above questions, please explain in the space provided

Diving History

When did you first get certified as a diver? \_\_\_\_\_

What is your highest level of dive certification? \_\_\_\_\_

When was your last dive? \_\_\_\_\_

How many dives have you done in the past 12 months? \_\_\_\_\_

Please attach a copy of your highest certification card and your last three or four entries in your dive log.
